Our Concept

We offer tasty creative meals, finger foods and snacks, presented in attractive disposable dishes for the business or leisure traveler and for executive meetings at a competitive price.

Our Services

- In-flight Catering – Indulge your passengers with tasty and creative meals, finger food and snacks. We also offer other amenities upon request.
- Business Catering—Modern business people often organize a business meeting as breakfast conference or work through their lunch break or even into the evening. We can deliver delicious, fresh food and beautiful creations to decorate and impress business colleagues.
- To present the flavorful selection of our food, we have chosen a practical and appealing, bento style packaging and translucent disposable dishes, which facilitate the handling and are extremely space saving- a top priority in the travel industry. The stylish and convenient packaging offers corporate meetings that extra flair.
